Fasano's Pizza

Fresh Made, Par-Baked, Frozen & Ready For Your Oven.

Cooking Instructions

1. Preheat your oven to 400 degrees.
2. Your pizza can be cooked thawed or frozen.
3. After removing your pizza from its packaging and cardboard circle, place it on your oven shelf or preheated pizza stone.
4. If thawed, your pizza will take 12- 15 minutes to cook. If frozen, allow approximately 5 extra minutes for cooking.
5. Remember, our pizzas are pre-cooked and are basically being finished in your oven. So, keep an eye on your pizza and remove it when the cheese becomes a nice golden brown.
6. When your pizza is done, place it on the supplied pizza circle. We recommend letting it sit for a few minutes before cutting.
7. Enjoy!!!
